

MARINE SECURITY

The Sketo 10 is an advanced security system that is completely wireless. The Sketo will work in ALL recreational marine locations. Once activated the Sketo will have you in your property in 60 sec or less! You will then have full remote control over any device including full two way voice! Just listen in or take control! Turn on pumps sirens or just know that your boat has broken the mooring!

**\$50.00 inc gst
per Month Monitored
OR**

**\$920.00 inc gst
“own your own”**

**Full control over your property
from you mobile phone!
In 60 sec or LESS!**

Don't be a Victim ! Take control !
